

BETTER ENERGY BANYULE

SPLIT SYSTEM AIR CONDITIONERS

Est. hourly costs for different heating/cooling technologies

FAN
2 cents per hour

ELECTRIC BLANKET
3 cents per hour

SPLIT SYSTEM
11 cents per hour

PERSONAL HEATER
20 to 45 cents per hour

OIL COLUMN
35 to 45 cents per hour

DUCTED HEATING
\$0.70 to \$1.20 per hour

How does it work?

Split-systems are one of the most **efficient** ways of heating/cooling your home.

In summer, they extract heat **out** of your home.

In winter they pump heat **into** your home.

They use the lowest amount of **electricity** to run.

(other than fans & electric blankets)

Standard Product

Size & Model Number	Price - Supply & Install (excl. GST)	Potential Price After Rebates (excl. GST)
2.0kW (SRK20ZSXA-W)	\$2,110.00	Free of charge
2.5kW (SRK25ZSXA-W)	\$2,210.00	Free of charge
3.5kW (SRK35ZSXA-W / SRC35ZSXA-W)	\$2,380.00	Free of charge
5.0kW (SRK50ZSXA-W)	\$2,890.00	\$100
7.0kW (SRK60ZSXA-W / SRC60ZSXA-W)	\$3,210.00	\$228

Why Mitsubishi & Fujitsu?

- ✓ very high performance coefficients
- ✓ reputable brands widely installed in Australia
- ✓ attractive warranties

When choosing the size of your split system, allow for roughly 1kW per 10 square meters. If your room is 25sqm, go for a 2.5kW unit.

Premium Product

Size & Model Number	Price - Supply & Install (excl. GST)	Potential Price After Rebates (excl. GST)
2.5kW (AOTG09KMT/ASTG09KMT)	\$2,300.00	Free of charge
3.5kW (AOTG12KMT/ASTG12KMT)	\$2,470.00	Free of charge
5.0kW (AOTG18KMT/ASTG18KMT)	\$2,950.00	\$124
6.0kW (AOTG22KMT/ASTG22KMT)	\$3,290.00	\$260
7.0kW (AOTG24KMT/ASTG24KMT)	\$3,540.00	\$360

Both Mitsubishi and Fujitsu units available.

Check eligibility for all rebates with our trusted supplier, Green Home Green Planet.
